A ROBUST, COMPACT CASE PACKER

MACHINE DETAILS

ERGONOMIC DESIGN

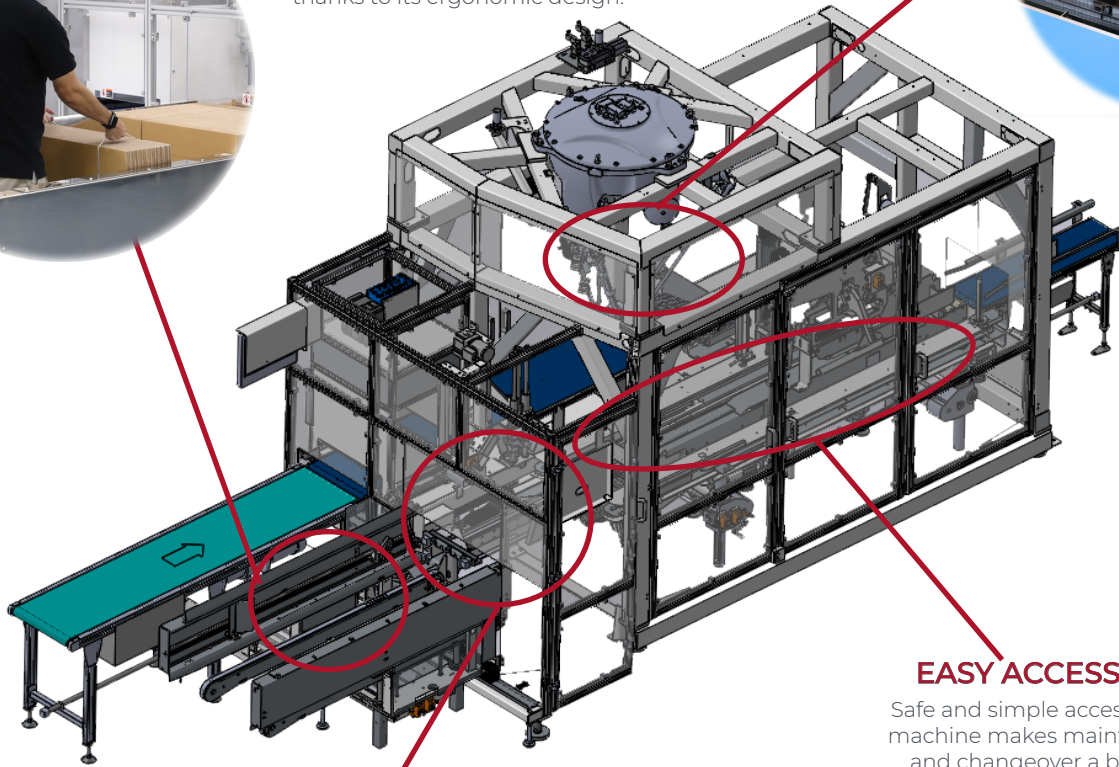

Not only does the size of the KTB-100 boost efficiency, it is also manufactured to keep your employees comfortable working on it thanks to its ergonomic design.

SIMPLE INTEGRATION

Our KTB-100 is one of the simplest machines on the market when it comes to robotic integration. Whether you're looking for a gantry or delta robot, the KTB-100 can handle it!

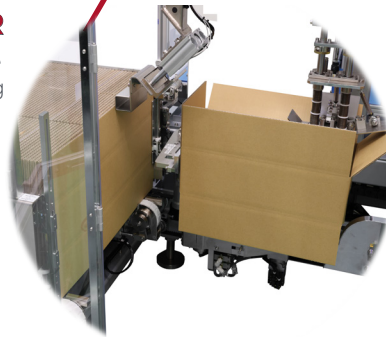

EASY ACCESS

Safe and simple access to the machine makes maintenance and changeover a breeze!

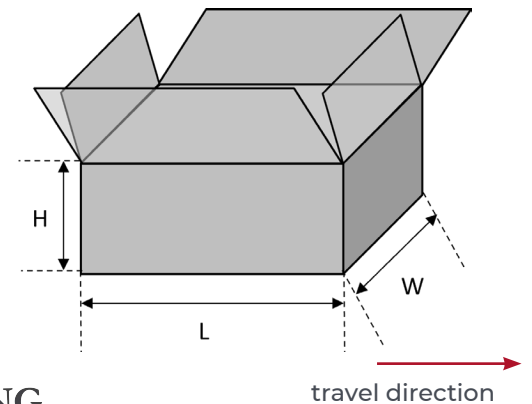

BUILT-IN ERECTOR

The KTB-100 has a built-in case magazine and erector, allowing for more efficiency as well as a smaller footprint.
